EDUCATION

Trinity College Dublin

Sep. 2023 - Sep. 2024

M.Sc. in Quantum Science and Technology

Related courses: Introduction to Quantum Information Science, Open Quantum Systems, Quantum Computation and Algorithms, Quantum Material Science, Physical Implementation of Quantum Technology, Tensor Networks, Quantum Thermodynamics, Machine Learning.

Trinity College Dublin

Sep. 2019 - May 2023

BA (mod) in Physical Sciences

Related courses: Introduction to Quantum Mechanics, Advanced Quantum Mechanics, Statistical Thermodynamics and Atomic Physics, Computer Simulation I, Computer Simulation II, Electromagnetism, Condensed Matter, Magnetism and Superconductivity.

RESEARCH EXPERIENCE

Petz Recovery in Quantum Processes with Memory (Research Internship)

Dec 2024 - Present

Supervisors: Prof. Felix C. Binder and Dr. Simon Milz

Group: Quantum Information Theory

Multi-time Petz recovery (continuation of M.Sc. thesis).

Petz Recovery in Quantum Processes with Memory (Masters Dissertation)

April 2024 - Aug. 2024

Supervisors: Prof. Felix C. Binder and Dr. Simon Milz

Group: Quantum Information Theory

Theoretical tools were developed to investigate the causal structure of Petz recovery channels which were applied to semi-causal noise channels.

Determining the Magnetic Critical Temperature from Experimental Data (UG Dissertation)

Sep. 2022 - Dec 2022

Supervisors: Prof. Stefano Sanvito

Group: Computational Spintronics

Numerical simulations were performed to determine the effect of changes in spin orientation, spin length and atomic position on the magnetic critical temperature of an Iron lattice.

SCHOLARSHIPS

European Excellence Award, awarded by Trinity College Dublin

July 2023

RELEVANT SKILLS

Programming Languages
Machine Learning Tools

Python (Qiskit, Qutip), Julia
Tensorflow, Sklearn, Pandas, Numpy

Transcripts available upon request
